

CORNERSTONE
AUTISM CENTER

Pathways to Hope Autism Conference

Saturday, April 14th
9am-4pm

Join Us

Connect with local parents and practitioners for a one day conference exploring the current medical therapies available for individuals with autism and related disorders. Also featuring vendors, giveaways and Q&A sessions. Seating is limited to 150 people.

Intro Track

For those new to medical treatments for autism, Introductory topics will include: Autism Is Medical; Avoiding Environmental Toxins; and a Parent Panel with Stories of Hope.

Advanced Track

For those with more experience on this journey, advanced topics will include: Utilizing Clinical Nutrigenomics (SNP's); BH4/ NOS/SOD related to ASD/ PANS; and SIBO: Cause, Symptoms, and Treatment.
